Chargers acquitted themselves well at the USATF Niagara Indoor Track Championships, held in Cornell University's Barton Hall. Georgia Deep, competing in the open division, set a new mark in her age group. Peter McGinnis, clearing a height for the first time since being sidelined with shoulder problems in 2016, did so with style. His result, equivalent to 8 ft. 4 ³/₄ in., finally betters David Rider's 1996 record of 8 ft. Bob Nicholson walked to a brand-new age group record at the mile distance, and Gary Crawford improved by exactly one foot his own record of 22 ft. 9 ¹/₂ in. from 2021.
