Notes:

In USATF competition, Men are supposed to use **Olympic weighted** implements to throw and **Olympic Hurdle heights** once they turn **18 years old**.

Many of these athletes were 18 but chose to use **HIGH SCHOOL** weighted implements & hurdle heights to compete (and they are listed with that annotation if so).

All other implement weights were standard based on gender & age-group specifications (and/or are listed as such)

Congratulations for coming out to our...
